- Organizational Chart & Processes.

ORGANIZATION CHART

- **Nature & extent of involvement of faculty & students in Academic affairs/ improvements.**

The faculties are involved in various activities besides teaching and Research. There is a due representation of faculty members in the board. Each of the faculty is involved in certain process like Library, Placement, and Activities etc. Each of the process is linked to academics, leading to overall academic devolvement. The process head sets the devolvement plan and execute it, which is reviewed and discussed in the monthly meeting and faculty meetings. The students are also involved in various subcommittees like- Seminar, Events, Cultural activities etc. The students also plays important role in conducting national level events like National Seminars.

Mechanism/ Norms & Procedure for democratic / good Governance

RIMS have implemented Quality Management System for improving the quality of service delivered to all the stakeholders. The entire activity of the institution is divided into 12 process with academic being the core process supported by process like library, lab, Training and Placement, Publication etc. It is mandatory to have monthly review meeting in which Management Representative remains present. The forum also provides a platform for the flow of information between the institution and management. Besides this regular academic meeting is conducted at both departmental and institutional level, which results with the input for the development.

Student Feedback on Institutional Governance/ faculty Performance

Student feed back is collected using a structured questionnaire developed in a scale of 1-5. The questionnaire attempts to cover all the important parameters involved. The feedback is taken for all the subjects and the feed back is discussed with the faculties with suggestions for improvement wherever its necessary. The top management does this. Beside this a subjective feedback is collected from the outgoing students where they are encouraged to point out scope for improvement in all service quality dimensions. A feedback is also collected from the Industry where the students are placed for the summer projects. The feedback is given by the industry mentor for each student and reflects the student’s preparedness fro the industry. These feedback forms an important input for the institutional and individual development.

Grievance redressal mechanism for faculty, staff and students

The institute has well defined redressal mechanism for faculty, staff and students. A provision is there in the constitution of Governing Body to have the staff representative and faculty representative for both the genders. Beside this Principal is also a member of GB, so any grievances of staff and faculty can be discussed at the GB meeting. Beside this any staff or faculty can go to the Director and discuss their problems. Students can meet the respective programme head and discuss their problems; they can also meet the Deans or Director for discussion. Any problem of general nature is discussed in the faculty meeting for a solution.
